

JJC 2021 PROGRAMME

| | | | | |
|---|----------------------|--------------------------|---|---|
| | Wednesday 17/02/2021 | | | |
| M o r n i n g | 9h00 | Speech | JJC2021 Opening Speech | JJC2021 Team |
| | 9h10 | Speech | Welcome Speech of the Head of the Station | Catherine Boyen |
| | 9h20 | Speech | AJC's Welcome Speech | AJC |
| | 9h30 | Plenary session | Narcissism and science : how do High-ego personalities drive research in (life) sciences | Bruno LEMAITRE Global Health Insitute, EPFL Lausanne, Switzerland |
| | 10h15 | Coffee Break | | |
| | 10h45 | 3 min | Out of sight, out of mind | CARACCILO Mariarita 3rd Year PhD student |
| | 10h50 | 10 min | Exploring the microbiota of <i>Saccharina latissima</i> | BURGUNTER-DELAMARE Bertille 3rd Year PhD student |
| | 11h05 | 3 min | Field sampling and laboratory study of a natural population of the red algae <i>Gracilaria gracilis</i> : what are the risks for the environment? | LAVAUT Emma 2nd Year PhD student |
| | 11h10 | 10 min | Functional characterization of the MpeQWYZ phycobilin lyase family provides key insights into color niche acclimation and adaptation in marine <i>Synechococcus</i> cyanobacteria | DUFOUR Louison 2nd Year PhD student |
| | 11h25 | 3 min | <i>Alviniconcha</i> speciation | CASTEL Jade 3rd Year PhD student |
| | 11h30 | 10 min | Protein synthesis rate in <i>Scyliorhinus canicula</i> renal progenitors | LUND-RICARD Yasmine 2nd Year PhD student |
| Lunch Time | | | | |
| A f t e r n o o n | 14h00 | 10 min | Impact of industrial extraction processes on the enzymatic degradability and structure of carrageenans | LISSARRAGUE Adrien 2nd Year PhD student |
| | 14h15 | 10 min | Deciphering molecular mechanims of kelp defense upon biotic stress | XING Qikun 3rd Year PhD student |
| | 14h30 | Conference | Blue Valley | Joy TOUPET |
| | 14h45 | 3 min | Chemical ecology of marine parasites, an example with parasites of dinoflagellates | SZYMCZAK Jeremy 2nd Year PhD student |
| | 14h50 | 10 min | The sea pollinators: A study of the biotic interactions between the red algae <i>Gracilaria gracilis</i> and <i>Idotea</i> isopods | FAURE Antoine M2 student |
| | 15h05 | Coffee Break | | |
| | 15h30 | Poster Session Logistics | | |
| | 15h45 | Poster | Poster Session | |
| 16h45 | End of Day 1 | | | |

JJC 2021 PROGRAMME

| Thursday 18/02/2021 | | | | |
|---------------------------------|------------|-----------------|--|---|
| M o r n i n g | 9h20 | Speech | Opening Day 2 | JJC Team |
| | 9h30 | Plenary session | The ecological self: from egocentrism to ecocentrism | Rémi BEAU IEES-Paris, CNRS |
| | 10h15 | Coffee Break | | |
| | 10h45 | Conference | The Station Biologique de Roscoff, a long history of excellence | Bernard KLOAREG |
| | 11h15 | 3 min | Radiolaria back to the future | MANSOUR Joost 3rd Year PhD student |
| | 11h20 | 10 min | Biosynthesis of polysaccharides from the extracellular matrix in brown algae: characterization of glycosyltransferase activities | MAZEAS Lisa 2nd year PhD student |
| | 11h35 | 3 min | The Holobiont : Because together, we are not alone | BURGUNTER-DELAMARE Bertille 3rd Year PhD student |
| | 11h40 | 10 min | Reproductive biology of the hydrothermal gastropod, Lepetodrilus schrolli L. Beck, 1993 from Manus back-arc basin | POITRIMOL Camille 3rd Year PhD student |
| | Lunch Time | | | |

| | | | | |
|---|-------|--------------|---|----------|
| A f t e r n o o n | 14h00 | Debates | #1 Environmental Ethics Rémi BEAU - #2 Plastic uses in research Melanie Krause & Kerstin Hermuth-Kleinschmidt | |
| | 14h45 | Break | | |
| | 15h00 | Debates | #3 Impact of ego in sciences Bruno LEMAITRE - #4 Frauds and Scientific Integrity Hervé MAISONNEUVE | |
| | 15h45 | Break | | |
| | 16h00 | Speech | Closing + Awards Session | JJC Team |
| | 16h30 | End of Day 2 | | |
